

Dear doctor

The ICENI Centre has launched the Clinical Attachment programme in 2019, and as your time as a *clinical attachee* at the Trust is completed, we would be grateful if you can write a short testimonial of your experiences with us. The aim is to give potential attachees an insight into the placement at the Trust, through the experiences of someone who has been there, and share together!

Please describe your journey below with the following questions to guide you.

Would you like to give us your full name? (optional)	Li Peng
What is your specialty and where were you working before commencing the placement?	Gastroenterology, General Hospital of Ningxia Medical University
What were your objectives for joining the ICENI Centre Clinical Attachment programme?	Learn advanced medical knowledge and concepts
How was the support you received from the ICENI Centre team prior and during the placement?	1.reasonable arrangement ;2.warm hospitality ;3.organize academic events.
How would you describe your experience with the clinical team and activities you undertook?	Very useful
What benefits did it give to you?	The most important is the idea which protect patients' rights, security and privacy. The NHS system always try best to benefit the patients.
Would you recommend joining the ICENI Centre Clinical Attachment programme?	Yes, I am sure.
What are your plans for the future after the Clinical Attachment programme finishes?	1.pass IELTS(may be this summer) 2. pass the doctor degree entrance test
TESTIMONIAL: (please write a short personal feedback of your experiences with us) This is a very good programme ,and it helps two countries understand each other.Thanks for your help and long time dedication.You have made a very good impression on me.	

Please tick the box here if you agree that we can use your responses/testimonial/image for marketing purposes. (You can attach any photos of yourself in theatre/wards if you have? A mobile phone image is acceptable). Yes, its ok.

Thank you for your time.
