

ICENI Centre International Fellowship Vascular Offer

In undertaking an ICENI Centre Fellowship at ESNEFT our commitment to you is that you will have the following opportunities within your speciality:

- o Working alongside a team of experienced vascular surgeons within a range of endovascular and open vascular surgery.
- o Exposure to laparoscopic AAA/endoleak repair and other minimally invasive techniques in vascular surgery.
- o Attendance at vascular department MDT, audit, governance and educational meetings.
- o Access to a range of vascular courses and other seminars, as available
- o Opportunities to take part in supervised audits and research projects.
- o Generous support from Consultant Educational/Clinical Supervisors with an annual appraisal and help developing surgical skills, curriculum vitae building, abstracts, presentations and papers for journal submission.

The ICENI Centre offer package also includes:

- A dedicated ICENI Centre International Fellowship Officer providing personal support throughout your fellowship, looking after your welfare both in and outside of work with regular social events, creating a unique ICENI Centre International Fellowship community.
- Access to The ICENI Centre Skills Lab, VR & AR simulation equipment including the Mentice G7 endovascular equipment, and a clinical mentor.
- An induction and ‘Welcome to the UK Practice Workshop’ led by the GMC, held at The ICENI Centre, within the first 3 months, if available.
- Free attendance at a series of GMC led courses, held at the ICENI Centre, to support your continuous professional development. The programme includes topics such as End of life care, Consent and Leadership & Management.
- Attendance on ICENI Centre course(s) of your choosing worth up to £750* plus a Human Factors course, free of charge.
- An ICENI Centre e-log book to record your clinical portfolio, signed off by your Educational/Clinical Supervisor.
- An ICENI Centre International Fellowship certificate.

An opportunity to develop your teaching skills through the ICENI Centre, including –

- Becoming a certified member of our teaching faculty
- Being invited faculty on ICENI Centre courses and Royal College Accredited courses dependant on level of experience
- Opportunities to represent the ICENI Centre and deliver presentations locally and internationally

Up to 2 years of excellent training at ESNEFT, including –

- o Weekly teaching programmes and grand rounds in the Postgraduate Medical Centre
- o Where relevant, an induction into the NHS system.

*Cadaveric courses may not apply
